

# Prazeres da Ria Formosa

Our concept is to offer you a cuisine based on the shellfish and seafood from our lagoon known as "Ria Formosa". Classified as intangible Heritage of humanity, the Mediterranean diet enhances the bread, wine, olive oil, fish and all agricultural products of the season. It is based on ancient style of the people who inhabited, as the name, the Mediterranean basin.

Our dishes marked with the symbol  are made according to the ancient traditions of Mediterranean cuisine.
